Academic Policy 2022-23

Academic Policy
2022-23

The institute has strong belief on academic curricular designed by the University as to cater the needs of developed industrialization in surrounded geographic area. This has been reflected in the academic policy supported by the strategic implementation of the curriculum with five elements consisting of, design, implementation, mentoring, Response and Improvement.

In **Design**, curriculum includes university prescribed syllabus and additionally institute has included additional courses. In consideration of the rural background of the students, improvement in English as a medium of communication is required and more efforts on students grooming has been necessitated. These additions have been manifested in a way so that difference between regular curriculum and university syllabus has been mitigated.

Implementation of the curriculum has been made smooth and effective with the help of academic calendar and update time table. The faculties have been allocated with the subjects considering specific and personal SWOT of the faculties. Apart from the class room teachings, APIMR has core focus in interactive learning of the students through, seminars, industry visits and field works. Management games are also a live learning experience for the future managers of the institute.

In **mentoring**, we believe not just teaching the students in orthodox style but we focus individual attention on each student by providing throughout hand-holding support. Our faculties are playing a role of mentors to prepare future managers out of students allocated to them for mentorship which we conduct

APIMR, Landewadi, (Via-Manchar) Pune, Maharashtra, India. Tel: 02133-235105

on weekly basis.

Response is the fourth element in our framework. The importance of this element cannot be minimized as it provides inputs for our improvement. Thus we collect feedback as response to our five element model from various stakeholders.

Improvement is the commitment of every person working in APIMR. It has a support of feedback collected through the response phase. We implement systems approach in improvement.

Implementation:

University has designed Choice Based Credit System (CBCS) and Grading System Outcome Based Education pattern which Institute follows in its curriculum.

1. Institute follows a cafeteria approach by providing Generic Core/Elective subjects every semester. The students have the flexibility to choose any one specialization from specializations offered in the university syllabus. The students are well explained in the orientation program about the specialization offered.

2. The delivery of course sessions carried out as per time table. Faculty adopts the advanced teaching methodology in delivery of course sessions. Faculty focuses on quality delivery and encourages student's active participation in the entire curriculum, curricular and extracurricular activities. This is reflected in the course files as evidence of institute teaching pedagogy.

Discussion of Meeting: The discussion revealed that either students working or opting to take up courses from private institutes has resulted in rampant absenteeism. Students promised to attend the sessions hereafter. The mentor mentioned various activities including guest sessions, International Millets Day program, local and Interstate Industrial Visits and urged mentees to take up active roles in organizing the same. The plan to start EECSLP certificate course by the mentor himself was also discussed.

Any Issue raise: Some mentees mentioned the need to start special training in Interview skills, MS Excell, foreign language/s.

Remark (if any): It was agreed by all that APIMR has all the preparedness to conduct activities. However, student attendance in the campus is necessary to materialize the activities as per plan.
