

Alumni Meet 2019-20

Alumni meet is a gathering of passed out students of an institution and it is a place where the institution feels proud on seeing its successful alumni. It is an incredible reunion of alumni, students, and faculty and staff members at the campus of APIMR. Its main aim is to reach as many students as possible and enable them to remain connected with Institute in order to promote stronger connections. The alumni are thrilled to be back in the campus again and interact with new students. The Alumni Association provides a platform for sharing alumni's career and professional experiences with the present students and other alumni. During the alumni meet, the alumni members share their experience in the outside world, which they faced after stepping out of the institution. The objective of the meet is for our students to interact with the Alumni to learn from their experiences they have had in the corporate world, in order to be well prepared, in advance.
